Regional Office

A Message from the Regional Forester

A first ever event for Region 1 is about to happen! What started out to be a Ranger's conference has expanded to a Regional Leadership Meeting and will include all Forest Supervisors, primary Forest staff, Regional staff, my deputies, and myself - 185 people. We will collectively focus on opportunities such as Forest Plan implementation, communication with the public, future workforce needs, leadership, and very important - building a strong team, and having fun!

This is a time for transition for us in R-1. We're entering a new era. We're looking at new approaches to doing business. This conference, which will be in Billings, May 16 through 19, is part of that. The idea started when the Regional Management Team wanted the Ranger's conference to reflect the "new approach." From there it grew. We'll be looking at Forest Plan implementation in terms of what we'll do different. We'll be looking at new approaches in communication with the public. Some outstanding speakers are lined up - for example, Gifford Pinchot III!

An important part of our new approach is to encourage and implement innovative ideas. A good opportunity will be the Innovator's Conference where we will look at creative ideas in Forest Plan implementation. This is open to anyone and I really encourage people with good ideas to attend and share those ideas. The Innovator's Conference will be in Missoula, March 30 to April 1. Talk to Doug Glevanik, R.O., 329-3420, for more information.

The publication, Our Approach, the plan for implementation of R-1 Forest Plans, is another product of the new approach and of teamwork. It was created with the participation of over 2,000 people. It's a good example of what can be done when we put our heads together and work collectively.

John W. Munn

Northern Region

Bill Worf Receives Award

Retired Director for Recreation, Wilderness and Lands in R-1, *Bill Worf*, received a limited edition belt buckle from former Regional Forester, *Jim Overbay* at the February R-1 Management Team meeting.

Worf received no. 1 of a series of numbered belt buckles honoring the annual winners of the Primitive Skills Award. The buckles were designed by Worf, Lolo NF Recreation Staff Officer *Jerry Covault*, and *Pat Lynch* of Western Heritage Company, Encampment, WY.

Worf began the Primitive Skills Awards program in 1977 when he was Regional Director of Recreation, Wilderness and Lands. Though now retired, he continues to present the award, a chrome-plated saddle ax, annually, to an outstanding individual or work crew who uses primitive methods to complete wilderness projects. Worf funds the trophy himself.

*Bill Worf and former
Regional Forester
Jim Overbay*

Bridge Crew Wins 1987 Primitive Skills Award

This year's Primitive Skills Award was won by the Seeley Lake Ranger District bridge crew on the Lolo NF. Using only non-motorized equipment, the award-winning crew replaced a 90-foot bridge across the North Fork of the Blackfoot River in the Scapegoat Wilderness.

Rebuilt bridge crossing the North Fork of the Black foot River, Lolo NF

Former Regional Forester *Jim Overbay*, and *Bill Worf*, retired R-1 Director of Recreation, Wilderness and Lands, made the announcement at the February Regional Management Team meeting in Missoula. Worf will actually present the trophy, a specially engraved ax, to the award-winning crew this spring.

During the summer of 1987, the Seeley Lake crew rebuilt the bridge using only native materials and non-motorized equipment. Crew members replaced three spans of the 90-foot bridge as well as bridge abutments and piers.

A Unique Experience

There's an unusual and stimulating get-away place in Yellowstone National Park that only 1 in 5,000 of its yearly 2.5 million visitors take advantage of.

From historic log buildings in a less-traveled corner of the park, one can learn about animal tracking, grizzly bears, outdoor photography, archaeology, horsepacking, fly fishing, astronomy, llama trekking, canoeing, and much more. The Yellowstone Association for Natural Science, History & Education, Inc., a non-profit organization now in its 13th season, sponsors field courses there. Some of the courses feature five-day excursions into the park's most remote and pristine areas. Field seminars run from one to eight days, and there are special classes for families and youngsters.

For information and a free catalog, write to P.O. Box 117, Yellowstone National Park, Wyoming, 89190.

Beaverhead National Forest

District Wins Safety Award

Wise River Ranger District won the Forest's Annual Safety Award for 1987. Forest Supervisor, *Ron Prichard*, congratulated Ranger *Ed Levert* and his employees for the excellent example they set for the rest of the Forest. The District had only one chargeable accident during the year.

Prichard also recognized the Madison and Sheridan Ranger Districts for their safety records.

Gallatin National Forest

Forest Meets Challenge

by Robert Dennee

Chief *F. Dale Robertson*, recently challenged Forest Service employees to use their creativity and skills in working with other agencies, private industry, and recreation organizations to help National Forests achieve their full recreation potential.

As part of this new recreation strategy, the Gallatin NF has initiated a new partnership - the Hyalite Recreation Challenge Cost Share Program. It is one of 30 such projects nationwide, and the only one in Region 1. Under the program, the Forest will work together with State and local agencies and the private sector to rebuild several recreation facilities in the popular Hyalite Canyon south of Bozeman. Trails, fishing access sites, and a rental cabin will be specifically designed to accommodate those people not physically able to use most existing facilities.

Lolo National Forest

Campground Hosts Honored

Seeley Lake Ranger District recently honored several of their campground hosts. *Bill and Myrtle Burton* from Granbury, Texas each received an award for contributing over 1,500 hours of service. *Sam and Pat Rick* from Yuma, Arizona contributed over 2,000 hours of service each; *Jim and Sally Plew*, Tucson, Arizona, will be returning for the third season to the Seeley Lake Campground. The Plews each have over 1,200 hours of service on the Seeley Lake District. *John and Penny Randall* will serve as hosts in the Big Larch Campground this summer. John has hosted in Big Larch for the past two summers and has accumulated over 1,100 hours of service.

Regional Office

From the Editor

Greetings! As new editor of the Northern Region News, I have some questions for you, the reader. What kind of articles would you like to see in the NRN? What stories or information would you like to share with others? What features do you like about the newsletter now? What would you like to see added? I want the NRN to contain what you, its audience, likes.

Please send or phone your comments to me at the Information Office. I appreciate your response, and welcome any articles or just information that would make a good story. Keep in mind that we do have some specific direction in publishing an employee newsletter. For example, articles must be newsworthy and related to the agency's policy and needs. Not permitted are nonofficial business, personal and social items, cartoons, poetry, jokes, and "filler" text.

It's usually a good idea to first send your work to those on your Forest or unit who have writing/editing skills before sending it to me. That will save time in the long run. Then just send it on Data General to D.Riebe:R01A, or mail it to me. Thanks!

The **NORTHERN REGION NEWS** is published by the Northern Region Information Office for employees and retirees. Items for the newsletter should be sent to the Editor, Deanna Riebe, USDA-Forest Service, Northern Region Information Office, PO Box 7669, Missoula, MT 59807 (FTS 585-3094; commercial 329-3094). Data General: D.Riebe:R01A

Retirement News

ED BROWN retired on January 2 after 32 years with the Forest Service. Brown served in the Air Force before he began his Forest Service career. He graduated from Colorado State University in Fort Collins. Brown was a forester on the Flathead NF from 1958 to 1967. He then served as district ranger on three Ranger Districts, the West Fork RD on the Bitterroot NF from 1967 to 1972; the Wisdom RD on the Beaverhead NF from 1972 to 1976; and the Deer Lodge RD on Deerlodge NF from 1976 to 1982. From there he went to the Deerlodge NF Supervisor's Office in Butte where he has been a management analyst forester since 1982. Ed's retirement plans are to spend more time with his wife, Joanne, his daughter, Jacqueline, and son, Aric.

MARJORIE EMERSON retired March 2 after spending 20 years on the Palouse District of the St. Joe NF. Emerson was a civil engineering technician working in road survey and design under the administration of the Clearwater NF. She and her husband, Ellis, have three grown children and eight grandchildren.

TIMOTHY (STU) BURNS, Supervisory Forester for Range for the Sheridan District of the Beaverhead NF, retired in January after 34 years of government service. After two years in the U.S. Army, Burns began his civilian career on the Custer NF in Billings, Montana. He spent one year with the Bureau of Indian Affairs in Spokane, Washington, and then returned to the Northern Region of the Forest Service where he worked on three National Forests - Bitterroot, Custer, and Beaverhead - during the remainder of his career. He has been with the Sheridan Ranger District in Sheridan, Montana since April, 1975.

Burns has a B.S. in wildlife from the University of Montana in Missoula. He and his wife, Judith, have two grown children. They plan to travel after retirement. Burns plans to continue his work in rehabilitation of injured eagles, hawks, and owls in Sheridan.

Notice

Neal Rahm, former R-1 Regional Forester 1964-71, is recovering at home following recent surgery. His home address and telephone number: 263 Lakeview Circle, Mira Loma, CA 91752; phone (714) 685-7391

Regional Office

Open House Well Attended

Regional Forester *John Mumma*, and Deputies *John Hughes* and *Chris Risbrudt* welcomed and chatted informally with employees and retirees at an Open House held March 11 in the Regional Office. Mumma talked briefly about the roles he and each of the deputies will fill as managers, and some of the major projects in the near future. Mumma said his primary thrust now is implementation of the Forest Plans, and managing the impact of the current Wilderness legislation.

In Memoriam

ANN BEASLEY, 61, died of cancer February 21, at her home in Libby. Beasley was born, raised, and educated in Thompson Falls. She married Louis (Swede) Beasley at Coeur d'Alene on October 19, 1974. She lived in Portland, Oregon for a short time before moving to Libby, where she was employed in timber management on the Kootenai NF for 30 years. She retired in 1980.

EUGENE GRUSH, a pioneer Montanan, died August 29, 1987 at his home in Sylvanite at the age of 92. Grush retired in 1952 after more than 30 years with the Forest Service in jobs ranging from fire guard to dispatcher to acting ranger.

Grush was born in Pittsburgh, Pa. in 1895. After serving in the Canadian Army during World War I, he and his wife, Ruth, settled on Seventeen Mile Creek, a tributary of the Yaak River. Here Grush began his career with the Forest Service, and he and his wife became active workers for progress in the Yaak Valley. They helped secure rural electrification, an improved highway, and provided care and resources for the elderly in the community. Grush wrote "Just Reminiscences," published in Early Days in the Forest Service, Vol. III, and for the column "The Old Ranger," in the 1973 winter issue of Montana Magazine.

In The Spotlight

by Mary Bowman

The Senior Community Service Employment Program (SCSEP) has been an important function on the Clearwater National Forest since July 1976. In that time many "senior citizens" have been employed in worthwhile, creative, essential positions doing work that would otherwise be unfunded. The older workers are at least as productive as younger workers, have lower rates of absenteeism and fewer on-the-job accidents.

Maryona Muck has worked on the Palouse Ranger District in the "Older American" program since January 10, 1977, and is the oldest person enrolled in the program on the Clearwater NF. She has lived in Potlatch, Idaho since 1926. Her husband, Ray, died in 1969 after 42 years of marriage. She will be 80 years young on November 10, 1988. Her enthusiasm about her job should be a challenge to us all. She projects a positive attitude into everything she does.

"Maryona has been talking about retiring for the last 4 or 5 years," said John Krebs, Maryona's work supervisor, "but she's still here, and I'm thankful for that." Krebs praised Maryona for her attention to detail in completing her work assignments.

A major portion of Maryona's spring work is sprucing up the bunkhouse inside and out, including painting; then keeping it neat and clean for the crews during field season. She also helps with grounds maintenance. During field season she launders, mends, patches, and stores all the fire clothes, packs, chaps, etc. She also helps in the office with filing and stamping log scale books.

GEORGE KOPPANG., retired 30-year veteran of the Forest Service, passed away October 16, 1987, in Spokane. Koppang, a resident of the Bonners Ferry area for 53 years, was a forestry technician on Bonners Ferry Ranger District, Idaho Panhandle NF's, for most of his Forest Service career. He retired in 1985. He and his wife, Rita, lived in the Cow Creek area.

WARREN (Bill) SHERMAN, 68, of Missoula, died of a heart attack February 20, 1988, in St. Patrick Hospital, Missoula. Sherman worked for the Forest Service for 15 years before his retirement in May, 1985. He was born Dec. 14, 1919, in Waltham, Massachusetts. He married Irene Harris in 1939.

Prior to his Forest Service career, Sherman was with the U.S. Army, serving in World War II, Korea, and Vietnam. He retired from the Army in 1969. In 1971 he was hired as District administrative tech. at Nine-Mile Ranger District, Lolo NF. After several years, he was promoted to fleet manager at the Lolo NF Supervisor's Office.

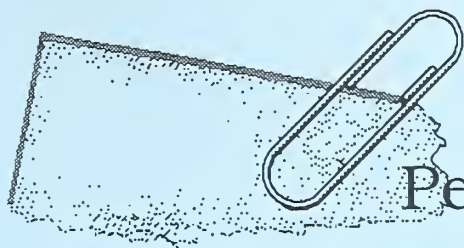

JOHN "SNICK" SUDNIKOVICH, passed away at his home in Priest Lake January 28, 1988, at age 71. Sudnikovich retired from the Forest Service in 1973 after approximately 30 years of service. He worked for the Civilian Conservation Corps (CCC) in the Priest Lake area for five years before his first Forest Service employment in 1940. While with the CCC Sudnikovich was assigned to the Forest Service, cutting snags and fighting fires. He worked for the Priest Lake Ranger District as a fire dispatcher and liaison officer with Indians who visited the area. He also worked at the Bismarck Ranger Station for several years. He was married to Abella Raine of Priest Lake.

Maryona Muck, Palouse Ranger District,
photo by Mary Bowman

"Variety makes the job enjoyable," said Maryona. "I don't really have a favorite part. I like the association with all the people."

Maryona's hobbies are knitting, quilting, crocheting, fishing, hunting, traveling, keeping track of her 4 children, 7 grandchildren, and 7 great grandchildren, and baking. She brings a cake or plate of cookies in to the office every week to treat all "her kids" at the office.
